SENT NIACT TRIESTE 1, RPTD INFO DEPT 136, FRANKFORT 3 FOR
SPECIAL UNIT.

FOR PEP

Ref Dept's 240 Aug 14 to Ankara, 295 Frankfort, 17 Venice,
CONGEN does not (rpt not) believe that experience of this
office with Judiciary Subcomite offers any elucidation as
to their actions or fields of interest at other posts. View
small number escapees here, mtg was almost perfunctory. They
did however press hard for explanation why Dept had not (rpt
not) made strong representations to Turk Govt to take total
burden of escapee maintenance etc. They also showed already
reported interest in security in particular with
regard to local implementation of Kirsten Amendment. Comite
departed on sched this A.M.
